Achievement Relative to Opportunity

You can access the Achievement Relative to Opportunity guidelines here (ARtO).

Summarise any career interruptions nominee(s) have experienced and impacts on research outputs or career trajectory.

Word count:

Must be no more than 250 words.
If you're applying as a team you can reflect on interruptions experienced by one or more members.

Nominee FTE

If the nominee(s) held less than a full time research load, calculate the time fraction per week (or FTE) using the following measurements:

- 1 day = 0.2 FTE
- 2 days = 0.4 FTE
- 3 days = 0.6 FTE
- 4 days = 0.8 FTE
- 5 days = 1 FTE

Take the FTE and multiply by the number of months worked at that FTE. This example illustrates a year worked at various FTEs:

- 0.8 FTE for 4 months = 0.8 x 4 = 3.2 months
- 0.6 FTE for 6 months = 0.6 x 6 = 3.6 months
- 1 FTE for 2 months = 1 x 2 = 2 months

TOTAL = 3.2 + 3.6 + 2 = 8.8 months

8.8 months divided by the year (12) **= .73 FTE**
